

**Forever Young Organization (FYO)**

**To:** Active Cypriot Programs and European Learning Into Acceptance (ACPELIA)  
**Subject:** Letter of Recommendation and Appreciation

Dear ACPELIA Team,

On behalf of **Forever Young Organization (FYO)**, we would like to express our sincere gratitude and appreciation for the outstanding coordination and management of the Erasmus+ Youth Exchange project “**Myths and Facts: Unveiling the Truth (MAF)**”, Agreement Number **2025-1-CY01-KA152-YOU-000297251**, implemented from **01/06/2025 until 31/03/2026**.

The youth exchange activity held in **Pissouri** from **19 to 27 October 2025** (including travel days) at **Hylatio Tourist Village** brought together **36 participants, 12 youth leaders, and 2 stakeholders**. The project successfully created a dynamic and engaging learning environment where young people were encouraged and empowered to actively participate in society and strengthen their connection to the European project.

The experience was truly remarkable for our participants. Everything was organized smoothly and professionally, allowing the young people to fully focus on learning, intercultural exchange, and collaboration. The venue provided an excellent setting for the activities, offering a welcoming atmosphere and high-quality hospitality, including meals, snacks, and coffee breaks that contributed to the comfort and wellbeing of all participants throughout the mobility.

We would like to extend special appreciation to **Mr. Nikolas Nikolaou** for his continuous support and dedication. His assistance throughout the visa process, the purchase of travel tickets, and the consistent follow-up ensured that all logistical matters were handled efficiently and professionally. His commitment played a key role in making this mobility accessible and stress-free for our participants.

We are also extremely grateful for the opportunity given to **Rana Al Ghadban**, our Erasmus Coordinator, to create and deliver this project. Your trust and support meant a great deal to her and to our entire organization. It reflects the strong partnership and mutual respect that exist between our organizations.

Since the very beginning of our collaboration, ACPELIA has continuously demonstrated exceptional dedication, creativity, and professionalism. From the first day of preparation to the final moments of the activity, your team created a welcoming, hospitable, and inspiring environment where participants felt valued, supported, and motivated.

The project activities were thoughtfully designed to empower young people and strengthen their confidence. Participants were encouraged to conduct research prior to the exchange, explore important topics related to myths and misinformation, and proudly represent their cultures and perspectives. This process not only enhanced their knowledge but also fostered intercultural dialogue, critical thinking, and active citizenship.

We highly value this collaboration and look forward to continuing our partnership in future initiatives that empower youth, promote intercultural understanding, and contribute to building a more inclusive and engaged society.

Please accept this letter as a strong recommendation and a sincere expression of appreciation for your professionalism, dedication, and inspiring work.

With our deepest gratitude and warm regards,

**Forever Young Organization (FYO)**
